

Promoting Healthcare

A medical camp was conducted with the help of Lions Club, Ahmedabad. Attended by doctors, technicians and medical teams, the camp reached out to 260 workers, who benefited from various tests like Complete Body Profile tests (231 nos), X-Rays (282 nos), PFTs (278 nos) and ECGs (279 nos).

A blood donation camp was held in association with the Indian Red Cross Society of Ahmedabad. Such camps are very helpful in spreading awareness about the importance of voluntary blood donation. Another medical check-up camp was also arranged by CERA. ECG technicians attended to patients with specific complaints. 26 children were examined by a child specialist.
